

# GSP H series – Manual safety slicer ...

- Widest product carriage for increased capacity
- One piece anodized aluminum construction
- Fast and easy to clean, fewer seams, large radii
- Improved sealing against water and debris
- Largest and easiest to use remnant holder in the industry
- Unique design allows for the smallest end pieces, increased product yield
- Remote sharpener is dishwasher safe for improved safety and hygiene; spring-loaded dial insures correct and consistent sharpening
- The ergonomic design of the Bizerba GSP H series sets the standard for safety, yield, hygiene, durability, and lowest overall cost of ownership
- Low profile – reduces operator fatigue
- Largest thumb guard for maximum protection
- Zero blade exposure during the cleaning process
- Patented carriage interlock system
- One piece carriage with seamless thumb guard for highest hygiene standards
- Safety features: shut off in thickness knob, adjustable blade shut off and start at zero (safe-only)
- Improved liquid and debris diversion from all control surfaces
- Top quality gravity feed slicer with low-profile carriage for heavy products.
